STATISTICAL STORY OF NEWARK, N. J.

LOCATION

Latitude, 40° 41'; Longitude, 74° 10' west from Greenwich. Three miles above Newark Bay; eight miles west from New York. Area 23.40 square miles, of which 6.5 square miles are tide water lands. Five hundred acres have been reclaimed by the City on which wharves, docks and railway terminals are being developed for factory and warehousing uses.

WATERFRONT

Wharf frontage on Newark Bay and Passaic River, 10½ miles, channel 300 feet, depth at mean low water 20 feet, at high water 25 feet. Tonnage of freights annually, 2,897,123. Estimated value \$147,895,000.

RAILROADS

Pennsylvania, Lackawanna, Erie, Lehigh Valley and (Reading) N. J. Central. Passenger depots 15. Passenger trains daily 900. Freight delivery yards 22. Freight trains daily 61. Cars of merchandise freight annually 498,251. Railway tonnage delivered 6,538,526. Shipped annually 1,512,752.

NEWARK is within hauling distance by wagon to the piers and docks of New York.

More people get on and off trains in Newark than any other city in the United States not a terminal point.

ELECTRIC RAILROADS

Hudson and Manhattan tubes, 18 minutes to New York. Electric trolley lines to suburban points, 26; cars operated, 737; trips daily 3,858. Passenger movement, 1918, 18,830,413. Trains daily to and from New York, 260.

DEPARTMENT OF PARKS AND
PUBLIC PROPERTY,
City Hall,
Newark, New Jersey.

SUBJECT: Sale of Part of Memorial site lands.

The Board of Commissioners of
The City of Newark.
Addressed.

Gentlemen:—

In pursuance of a resolution passed by this Board, I advertised for sale on

Tuesday, January 3, 1922, certain lands and premises in the City of Newark, Essex County, New Jersey, described as follows:

BEGINNING at a point in the easterly line of Broad Street where the same is intersected by the southerly line of Camp street; thence south 59 degrees 54' east along the southerly line of Camp Street 200.87 feet to the westerly line of Elder Place; thence along the same south 32 degrees 10' west 100 feet; thence north 59 degrees 54' west parallel with Camp Street; 200.87 feet to the easterly line of Broad Street; thence along the same north 32 degrees 10' east 100 feet to the place of BEGINNING.

The highest bidder for said premises was Newark Lodge No. 21 of the Benevolent and Protective Order of Elks_____ at the price of \$103,000.

I accordingly struck off said property to said purchaser, in accordance with said bid, said sum being the highest and best price which I could receive.

Yours very truly,

Charles P. Gillen,

Director of the Department of Parks and Public Property.

Received and filed.

Commissioner Gillen offered the following resolutions:

WHEREAS, Jacob M. Foer and Saul Epstein, partners, trading as

Commercial Paper and Bag Company, occupants and lessees of part of premises known as No. 85 South Canal Street, under a lease, which said premises are within the zone of the proposed new Center Market, have agreed to vacate said property upon the payment to them of Thirteen Hundred Dollars (\$1300) by The City of Newark in satisfaction of their claim under said lease and upon payment of such sum to give to said The City of Newark a general release releasing said City from all claims arising out of said lease and its occupation of the building or otherwise; and,

WHEREAS, in the judgment of this Board it is advisable that the City accept the offer of said Foer and Epstein to vacate said premises at this time for the sum aforesaid;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that said offer of said Foer and Epstein to vacate said premises for the sum aforesaid, be and the same is hereby accepted; and the Director of the Department of Parks and Public Property, be and he is hereby directed to enter into contract with said Company for the acceptance of said offer; and,

BE IT FURTHER RESOLVED, That the sum of Thirteen Hundred Dollars (\$1300) be and the same is hereby appropriated to said Jacob M. Foer and Saul Epstein, partners, trading as Commercial Paper and Bag Company, as the purchase price of the surrender of said lease and property so occupied by said Company as aforesaid; said sum to be appropriated from the Market Construction Account; payment of said sum to be made to said Company upon the pro-

duction and delivery by said Foer and Epstein of a General Release, executed in favor of The City of Newark, releasing it from all claims arising out of said lease and the occupation of the building therein leased or otherwise approved by the Corporation Counsel.

Mr. Myron W. Morse, 139 Third Avenue: As you are aware, there is a wonderful physician in this country, Dr. Lorenz. I believe no one has yet made him a present of an American flag and I think on his next visit here that the City present him with an American flag. With this in view I called on Dr. Craster and he heartily approves it and thinks arrangements can be made for the flag to be presented as a gift from the City, the presentation to be made in the rotunda of the City Hall by the Mayor and having the other Commissioners and city officials present with the Police Band. I believe the doctor would appreciate the gift and I further believe the City would be honored by it.

Subject: Re: Removal of Soldiers' Home from Kearny to Trenton.
Mr. William J. Egan,

City Clerk,
Newark, N. J.

Dear Mr Egan:

Your letter of November 29th, 1921, was brought to the attention of the State Board at its recent meeting. I wish to assure you that neither the State Board nor any employe of this Department advertised the proposal that the Soldiers' Home should be removed to Trenton. I have heard that it was merely a tentative suggestion of one of the budget examiners which probably without his sanction got into the press.

Very sincerely,

Hon. Alexander Archibald,

Mayor of the City of Newark,
City Hall, Newark, N. J.

Dear Mr. Mayor:

Allow me to call your attention again to the suggestion made by me about a year ago with reference to the urgent need of our city for the full width of its streets. These streets were laid out with definite width which has been increasingly trespassed upon by the parking of autos, so that even Broad street is a comparatively narrow street. Yet the need of the full width was never so great as it is today. As I suggested before, Mili-

tary Park (keeping its surface as it is) should have dug beneath it a municipal garage in which the cars now parked along our streets could be parked for a nominal fee. It should then be made an offense to stop any car at any curb or elsewhere longer than sufficient for persons to enter or alight, any car left parked being subject for instance to confiscation as security and a fine which would be felt. This matter is called to my attention at this time by notices in the New York papers of an adaptation of my ideas which Dr. Harriss, Special Deputy Police Commissioner, has presented to a committee of the Board of Estimate.

Thanking you for your early attention, I remain

Yours very truly,

S. W. Boardman, Jr.

12th American Good Roads Congress
and 13th National Good
Roads Show

Office of the Secretary

11 Waverly Place, New York City,

December 27, 1921.

Dear Mr. Mayor:

A most cordial invitation is extended to you to attend the Twelfth American Good Roads Congress and Thirteenth National Good Roads Show in Chicago, January 16 to 20 next, under the auspices of the American Road Builder's Association.

Printed information is enclosed herewith.

You are not asked to come yourself but to appoint at least five persons to accompany you as official representatives of your City, the delegates being chosen preferably from among your street officials, such as the city engineer, superintendent of streets, etc.

It has been customary for mayors to appoint these delegates. At the last convention several thousand mayors and street officials were present.

In addition to public officials, the coming congress and exposition will bring together the leading road experts of the United States and Canada as well as the contractors, engineers and manufacturers of road machinery and materials. The amount of exhibition space already taken indicates that the show will be the greatest Good Roads exposition ever held, either in America or abroad. All types of road and paving machinery, materials, methods and appliances will be on exhibition and there will be numerous tests and practical demonstrations as well as many other features worth seeing.

No event of the year is of greater value to road and street officials. The knowledge to be gained from the addresses, prepared papers and discussions in which the latest, most effective and most economical methods evolved in constructing all types of roads and streets will be explained, may be of incalculable benefit to your administration.

We hope to see your city well represented and it is requested that you

not only come yourself and appoint the delegates referred to, but that you send to this office, 11 Waverly Place, New York City, without delay the names of all delegates appointed so that they may be enrolled.

Respectfully yours,

E. L. Powers,
Secretary

William Miles
44 No. Maryland Avenue
Atlantic City, N. J.

To the Mayor and Officials of
Newark, N. J.

Gentlemen:

I desire to bring to your notice an odorless garbage disposal plant, or system, one that can be operated in any section of a city without the annoyance of obnoxious odors being carried to the surrounding district.

The system is based on destructive distillation (or creative chemistry), whereby all the gases generated, volatile substances, light and heavy hydrocarbons, etc., are collected as chemical compounds in the crude state.

It has taken over six years to perfect this system, and from the first steps of laboratory theory, I have created a practical, commercial, operating system, of which the drawings, etc., of this system or plant are in the hands of the Patent Attorney, who

is at the present time taking the application for the patent through the department of Washington, D. C.

The outline of this system is the disposal of the house garbage, or refuse, comprising the destruction, or reduction, of all the raw garbage to their component parts, without the separation of fats, greases, bones, etc., and further the foreign matter such as in cans, broken crockery, oyster or clam shells, paper, rags, pieces of wood, etc., are not necessary of removal as they do not injure any part of the working machinery or furnace chambers.

What is obtained from this system is a pure, dry, producer gas, which is used for the fuel purpose and enough gas is generated to operate the full running plant, and no other fuel is needed after the plant is in full operation. Also, as marketable products, or compounds for chemical purification, are the tars, light and heavy oils, acids, salts, etc., liquid ammonia hydroxide of 5 to 6 per cent. of ammonia, the nitrogen compounds and other hydrocarbons.

The producer gas generated for the fuel, and the crude by-products obtained and marketed, will about pay the full costs for the operation of the plant, and probably pay a portion of the costs of collection of the raw garbage.

Thus, by a municipality themselves operating this system, from a commercial standpoint it eliminates the contract system where no returns are obtained, and the products obtained do give a return and is self-supporting

It is true that new plants would have to be erected for this system, still they being self-supporting they would pay for themselves within a short time, and aside from small repairs there would be very little expense attached, and the garbage collection and disposal could be done on a very small financial scale, and possibly after two to three years the plants having paid for themselves no appropriation would have to be made for this branch of expense to the municipality.

It requires from eight to ten months to construct one of these plants, or systems, and have it in working condition.

In large cities, plants could be erected in several sections, and each plant would be self-supporting as the products obtained from the gas production are needed by the chemical manufacturer throughout the world.

If this communication proves favorable to your honorable body, I would be more than pleased to have your engineers call upon me and go into every detail of the system and its products.

Thanking you and trusting that I may be honored by your decision by sending your representative to call upon me, I am

Respectfully yours,

William Miles.

As I understand it the pavement cannot be ripped up for a period of five years. The pavement has been laid a year, so that four years from now the people who desire to put in gas will be

obliged to repave the street. On the basis of a fifty foot front, the assessment will represent the ordinary price of a lot, or \$600 per lot. Mr. August G. Berkenmeier, 525 Clinton Avenue, representing the Clinton Hill Improvement Association, appeared before the Board and presented the following communication:

CLINTON HILL ASSOCIATION

January 10, 1922.

To the City Commissioners,
Newark, N. J.

Gentlemen:—

At a regular meeting of the Clinton Hill Improvement Association held at Berkley Hall, on Monday evening, January 9th, a motion was made and unanimously carried to petition your Honorable Body to consider the urgent need of the Clinton Hill Section for a Branch Public Library, and

furthermore to suggest a Bond issue of \$50,000 to cover the erection of the same.

A. G. Berkenmeier,
President.

Ordered filed.

Mr. Berkenmeier:—We have a delegation of Clinton Hill property owners present. Last May we were given to understand in the near future we could expect a branch library. We visited Mr. Bachellor and talked this matter over and he realizes there is great need of a branch library there. We have so many complaints coming to us we thought it wise to bring about this meeting last night. It was a very large meeting and attended by representatives throughout the Clinton Hill Section.

Mayor Archibald:—We have made provisions for two branch libraries in the congested districts. Personally, I feel that is as far as we can go at this time.

Commissioner Raymond:—Do you ask that instead of having these two branch libraries in the congested districts proposed that we put them in the Clinton Hill Section, or that we establish a third one? I feel perfectly sure Clinton Hill would have no objection to our putting these two branch libraries where we are putting them.

Mr. Birkenmeier:—No, there is no objection to your action with respect to these two libraries, on the other hand we feel we have already waited a year, and if we keep on this way we will accomplish nothing and we want

to get some agitation at this time. The population in the Clinton Hill Section has increased over five times what it was seven years ago and the result is we feel that there is a great necessity for it.

Commissioner Gillen:—I think we will have to go back to the original suggestion made several times and discussed by Committees of the Board of Trade that these Branch Libraries be put in the schools. We find Clinton Hill wants one and justly so inasmuch as down-neck is to have one and why not Clinton Hill. Roseville wants a branch library installed, the Eighth Ward wants one, Weequahic Park and Vailsburgh wants one, and the first thing each section will want a branch library so that the total will run a dozen or more. The additional cost for maintenance will be very heavy. It is a question if a City like Newark; Newark's finances and income can go into this matter with its present income. We have already throughout the City these schools which are very costly to the taxpayers; big plants which have to be maintained and in these buildings you have all the light, janitor service, heat and everything that is necessary in which to operate branch libraries of this sort in these schools and these suggestions have been offered by citizens who have made a great study of this matter, that a greater distribution of books can be made than through any other agencies. There the school children can come and bring with them a list of books selected by their parents, sisters or any member of their families, and in the afternoon when school hours are over, the teachers can assist the branch librarians that might be appointed by the Library Board and keep the population

thoroughly and completely supplied with books they require. In addition to that, if they want to establish reading rooms, there is no reason why they cannot be established, perhaps not in every school, but surely in enough schools to meet this situation, and I say you have got to come to it, because Newark with its present limited income, its present ratables and high tax rate could not conduct the City Government similar to New York City, Chicago or Philadelphia with their enormous incomes and the City will be bankrupt and there is nothing in God's World to prevent it. We cannot conduct our affairs the same as New York City. Newark's income is limited and we know it, and

I move you that it be the sense of this Board that the Library Trustees be requested to confer with the Board of Education to see if this important problem cannot be worked out.

I am as much in favor of branch libraries as anyone, but when you have a problem, you have to solve it according to your needs.

Commissioner Raymond:—Your particular object, Mr. Berkenmeier is the easier distribution of the books?

Mr. Berkenmeier:—Yes. We would be satisfied if we could get some relief through the school system as suggested by Commissioner Gillen if you are thinking of doing it throughout the City. We felt we were the original agitators of this campaign.

Commissioner Raymond:—I do not feel for the mere distribution we should maintain the sort of library contemplated in the congested dis-

tricts that afford a place for rest, recreation, warmth, light and an atmosphere of culture and mean a good deal more for the neighborhoods in these sections than the mere distribution of books or the presence of books and I feel you have a different situation in Clinton Hill, and I do not see what harm the suggested conference can do and I therefore second Commissioner Gillen's motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Raymond, Mayor Archibald.

Mr. Charles Lingerian, 60 Mapes Avenue and Rev. Dr. E. C. Makosky, 583 Clinton Avenue, also appeared before the Board and urged the necessity of establishing a branch library in the Clinton Hill Section.

Mr. Lathrop Anderson of the Library Board stated the probable cost of maintaining a branch library as proposed in the Clinton Hill Section would be about \$12,000 or \$15,000 a year.

Commissioner Raymond moved that this Commission take up with the Board of Library Trustees before the Budget is made up the question of Branch Libraries in one or more places along the lines before the war made it necessary to close them down to save fuel and that it be put in the budget if we find it practicable to establish these branch libraries.

The roll being called, the motion was declared adopted by the following votes:

Yeas —Commissioners Breidenbach, Brennan, Raymond, Mayor Archibald.

Nays:—Commissioner Gillen.

Commissioner Raymond moved that the ordaining clause of an ordinance entitled "An Ordinance to provide for the opening of a new street to be called Carnegie Avenue from Haynes Avenue to McClellan Street," be stricken out.

Re: Clifton Bath.

Hon. Charles P. Gillen,
Director of Parks and Public
Property,
City Hall, Newark, N. J.

Dear Sir:

Enclosed please find a request from Frank Briscoe Co. for extra work which he encountered in the digging of boiler room in basement of this building. In order to make this excavation it was found necessary to go through 4 ft. thickness of solid concrete. This was not anticipated by my plans and specifications, and I know that none of the bidders figured on this work, it being presumed that the cellar bottom was of ordinary thin concrete. The amount stated in the Briscoe Company proposal is fair and I would suggest that this extra be allowed.

At the present time I will make record of this additional amount and will also keep a record of any credits which may become due during the progress of the work, the settlement being taken into consideration at the completion of the work.

If this is satisfactory to you I would be pleased to have you advise me accordingly.

Yours truly,

James S. Pigott.

Re: Clifton Avenue Bath House.

Dear Sir:

We beg to notify you that in excavating the four feet below the present floor level, as indicated on the plan, we have found the cellar bottom to be of stone concrete four feet thick which we have not figured on. We wish to be compensated for the additional coat of same, which will be at the rate of Twelve (\$12) dollars per cubic yard.

Yours very truly,

Frank Briscoe Company,
Per Frank Briscoe, Pres.

Ordered filed.

Commissioner Gillen offered the following resolutions:

RESOLVED, that in accordance with the recommendation of James S. Pigott, architect, dated December 21, 1921, Frank Briscoe Company, contractors for the general contract work on the Clifton Bathhouse, be allowed extra compensation at the rate of Twelve Dollars (\$12) per cubic yard for the removal of approximately one hundred and twelve (112) cubic yards

of concrete now forming part of the floor of said bathhouse.

The City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N. J. January 17, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Mayor's Office, City Hall, Newark, at 11 A. M.

Present:—Commissioners Breidenbach, Brennan, Gillen, Raymond, Mayor Archibald.

The minutes of January 10th, 1921, were read and approved.

Mayor Archibald stated the Board was prepared to hear objection on the report of the Commissioners of As-

assessments For Local Improvements on the resurfacing of Fulton Street.

Commissioner Raymond moved that the report of the Commissioners of Assessments for Local Improvements assessing benefits for the resurfacing of Fulton Street be laid over until February 14th in order that we may go with our deliberations as to a policy for these main thoroughfares.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Breidenbach, Brennan, Gillen, Raymond, Mayor Archibald.

Commissioner Raymond: If we decide on a general policy on improvements of this kind, it will probably be beneficial to the property owners and we are laying it over to aid property owners.

Dr. Wm. G. Hanrahan, 36-A Fulton Street, requested that the property owners on Fulton Street be notified when final action was to be taken on the assessment report.

Commissioner Raymond stated that this would be done.

Commissioner Raymond: Mr. Mayor, I have thought over this question of repaving Clay Street, Carlisle Place, Bridge Street and Ogden Street, and I feel that they should certainly be repaved and I think that the question of assessment may be left open. Since the suggestion of the Commission that the property owners pay 25 per cent. and the City the rest is unsatisfactory, we might amend the

ordinance by striking that proposition out and leave it open for reconsideration by the Assessment Commission, when they can take into consideration all suggestions and in the meantime we may find some system that would be fair, but as to the paving proposition itself, I feel we should go ahead. The requirements of the City demand that these streets be put in proper condition.

Mr. Alonzo Church, 810 Broad Street, stated there was no question but what Bridge Street would have to be repaved, but objected to the assessment being levied on property owners.

Commissioner Raymond moved that the following reports of the Commissioners of Assessments For Local Improvements be laid over until January 31st.

Repaving of Elwood Avenue from Washington Avenue to Summer Avenue;

Repaving of Elwood Avenue from Mt. Prospect Avenue to Old Bloomfield Road.

The roll being called, the motion was declared adopted by the following votes :

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Raymond, Mayor Archibald.

Commissioner Raymond offered the following ordinance which was read by the Clerk :

An ordinance to provide for the repaving of Clay Street and Carlisle Place from Broad Street to Ogden

Street and from Ogden Street to the Passaic River on both sides of the street railway tracks with the exception of one foot on each side of said tracks, with new oblong granite block pavement on a built up concrete foundation between Broad and Ogden Street and on a new six (6) inch concrete foundation between Ogden Street and the Passaic River.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Clay Street and Carlisle Place shall be repaved from Broad Street to Ogden Street and from Ogden Street to the Passaic River on both sides of the street railway tracks with the exception of one foot on each side of said tracks with new oblong granite block pavement on a built up concrete foundation between Broad Street and Ogden Street and on a new six (6) inch concrete foundation between Ogden Street and the Passaic River. The old paving blocks to be carted to the City Yard and allowance for same to be made by the Assessment Commissioners. Together with the necessary new curbing or resetting of the curb, together with all other appurtenances incidental to the repaving of said streets, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27, 1917 (P. L.

1917-319) and the supplements thereto and amendments thereof.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owner of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of this ordinance. Upon failure of any such owner to make or cause said connection to be made, the same will be made by the Department of Streets and Public Improvements, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Commissioner Raymond offered the following ordinance which was read by the Clerk.

An ordinance to provide for the repaving of Bridge Street from Broad Street to the Passaic River on both sides of the street railway tracks with the exception of one foot on each side of said tracks with new oblong granite block pavement on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Bridge Street from Broad Street to the Passaic River shall be repaved on both sides of the street railway tracks with the exception of one (1) foot on each side of said tracks with new oblong granite block pavement on a new six (6) inch concrete foundation. The old paving blocks to be carted to the City Yard and allowance for same to be made by the Assessment Commissioners, with the necessary new curbing or resetting of curb together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement, or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities" approved March 27th, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof.

Said improvement to be made as a local improvement and the cost thereof to be assessed against the property benefited by said improvement in proportion to the benefits received.

In order to avoid the necessity of excavating and tearing up the proposed improved portion of said street, after the making of said improvement, the owner of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb line in said street for each lot fronting upon said street within thirty days after the passage of this ordinance. Commissioner Raymond moved that the ordinance be taken up on third reading and final passage on January 24th.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Raymond, Mayor Archibald.

Mr. Hugh Reed, representing Austen H. McGergor, appeared and stated his client objected to the proposed opening of Haynes Avenue because the proposed highway would leave portions of his land in such shape that it would interfere with future development and cause considerable damage to his property.

Mr. W. P. Hurley, representing the Butterworth-Judson Corporation, The Columbus Crystal Co., and the Sun Company, appeared and presented communications from his clients objecting to the proposed improvement if any of the cost was to be levied upon their property. Referred to Director Raymond.

A communication from The Texas

Company, protesting against the proposed improvement if the cost was to be assessed against their property was also read, and referred to the Director of Streets and Public Improvements.

Mr. W. R. Willgus, representing the Balbach Smelting & Refining Co., appeared before the Board and stated the idea of the City to divert traffic from the centre of the City was a commendable one, but that he understood the highway was on the plan of the New York Port Authority, and that it was not a project for the City of Newark to undertake, but one that should be handled entirely by the State Highway Commission and the expense borne by that body or be handled as a County matter.

Mr. Curtis R. Burnett, representing the Ironbound Manufacturer's Association, stated his Association was in favor of this improvement and feel it is very much needed, but that it was not a local improvement and consideration should be given by the Commission to have the expense borne by the City at large, or better still by the Highway Commission.

Commissioner Raymond stated this question had been taken up with the State Highway Commission and they felt it was too expensive an improvement for them to undertake at this time and that he did not think this would be the time to undertake the project and that he would lay it over for four weeks and take it up again with the Highway Commission and see if the improvement could be postponed to another time when conditions are better

Commissioner Raymond moved that an ordinance entitled "An Ordinance

to provide for the opening of a street to be known as Haynes Avenue extending from Doremus Avenue in a general southwesterly direction to Bay Avenue, for a width of 100 feet," be laid over until February 14th

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Raymond, Mayor Archibald.

Mayor Archibald offered the following resolution:

RESOLVED, By the Board of Commissioners of the City of Newark that the following named citizens, resident taxpayers on real estate, chosen with reference to their qualifications for the conduct and management of financial affairs, and who hold no other office in the government of the City of Newark, be and they hereby are each appointed members of the Sinking Fund Commission of The City of Newark, for a term of three years from the date set opposite their respective names:

Mr. Robert W. Bennett, representing the Roseville Improvement Association; Rev. Joseph Utter and Rev. H. V. B. Darlington, appeared before the Board and urged the necessity of establishing a branch library in the Roseville Section.

Commissioner Raymond moved that it is the sense of this Commission that the two applications that have been heard in the past week for branch libraries in the Clinton Hill and Roseville Section should be considered favorably by the Commission and provided for in the tax ordinance.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Raymond, Mayor Archibald.

Nays:—Commissioner Gillen.

A communication from the International Union of Steam and Operating Engineers relative to the use of ammonia engines for cooling purposes was received and read.

Mr. Henry Hebler, 550 Bergen Street, stated at the present time there were a number of ammonia engines being installed in the cellars of stores for refrigerating purposes and that proper safeguards with regard to

proper exits were not being provided and urged that an ordinance providing for proper safe-guards be passed.

Commissioner Raymond moved that the matter be referred to the Director of Public Safety.

A communication from Mrs. Helen W. O'Rourke, acknowledging receipt of engrossed copy of resolutions adopted by the Board of City Commissioners on the death of her husband, was ordered filed.

Commissioner Brennan offered the following ordinance which was read by the clerk:

An Ordinance providing for the regulation of public dances and licensing and regulation of public dance halls.

The Board of Commissioners of The City of Newark Do Ordain: Section 1: The term "public dance hall," as used in this ordinance, shall be taken to mean any room, space or place in which dancing is carried on, and to which admission can be had

either with or without the payment of a fee, wardrobe charge or otherwise.

The term "public dance" as used in this ordinance shall be taken to mean any dance to which admission can be had either with or without the payment of a fee, wardrobe charge or otherwise, or any other dance in which the public generally may participate.

The term "dancing," as used in this ordinance shall not apply to exhibitions or performances in which the persons paying for admission do not participate.

Section 2: It shall be unlawful to permit any dancing in a public dance hall until the public dance hall shall first have been duly licensed for such purpose, which license may be issued by the Department of Public Safety upon the payment of a fee of one hundred dollars (\$100) to be paid at the time of the issuance thereof, which license shall expire one year from the date thereof.

Section 3: No license shall be issued unless the premises comply with and conform to all laws of the United States, the State of New Jersey and the ordinances and regulations of the City of Newark, and are properly ventilated, supplied with sufficient toilet conveniences and are, in the judgment of the Director of Public Safety, a safe and proper place for the purpose for which they are to be used.

Section 4: All public dance halls shall be at all times kept in a clean, healthful and sanitary condition and all rooms connected therewith as well as all stairways and other passages shall be kept open and well lighted.

The Director of Public Safety shall have power and it shall be his duty to order and cause any hall or place where any public dance is held to be vacated whenever in his judgment any provision of this ordinance is being violated therein or whenever any indecent act shall be permitted or whenever any disorder shall take place therein.

Section 5: The license of any public dance hall may be suspended or revoked at any time for cause, and such license when so suspended or revoked shall not be reissued until at least six months shall have elapsed.

Section 6: No license shall be issued or renewed unless the applicant therefor shall be a citizen and a person of good moral character, and a resident of the City of Newark for at least one year prior to the date of issuance of said license.

Section 7: No person, persons, society, club or organization shall rent, use or occupy any public dance hall for a public dance without having first obtained from the Chief of Police a permit therefor.

Section 8: Any person, persons, society, club or corporation which shall violate any of the provisions of this ordinance shall, upon conviction thereof, pay a penalty of not less than twenty-five dollars nor more than one hundred dollars or suffer imprisonment in the county jail for a term not exceeding ten days or both, in the discretion of the magistrate imposing the same.

Section 9: All ordinances and parts of ordinances inconsistent with the provisions hereof be and the same are hereby repealed.

Section 10 This ordinance shall take effect immediately. .

Commissioner Brennan moved that the City Clerk be instructed to have same published prior to its being taken up on second reading and that it be ordered to a second reading on January 24th.

The roll being called, the motion was declared adopted by the following votes :

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Raymond, Mayor Archibald .

Commissioner Brennan offered the following ordinance which was read by the clerk:

An Ordinance to amend sections 2, 3, 4, and 6 of Article 1, and sections 9, 10, 14, 16, 20, 21 and 22 of Article 2 of An Ordinance entitled: "An Ordinance creating in the Department of Public Safety an Electrical Bureau, and providing for the control and regulation of the installation and inspection of electrical wires, apparatus and appliances in The City of Newark, and for the appointment of inspectors and defining the powers of said Bureau and the duties of said inspectors."

The Board of Commissioners of The City of Newark Do Ordain:

1. That Section 2 of Article 1 of said ordinance be and the same is hereby amended to read as follows:

Section 2. Said Bureau shall, under the Director of Public Safety, be under the supervision and direction of

the Chief Electrical Inspector of the Department of Public Safety.

2. That Section 3 of Article 1 of said ordinance be and the same is hereby amended to read as follows:

Section 3. The Chief Electrical Inspector shall organize and administer said Bureau according to rules and regulations to be prepared by him and approved by the Director of Public Safety, and said Chief Electrical Inspector is hereby charged with the duty of preparing forms, rules and regulations, and when so approved by said Director of Public Safety, they shall be binding upon all persons, firms or corporations that may come within the terms of this ordinance. Said forms, rules and regulations may be altered or repealed.

3. That Section 4 of Article 1 of said ordinance be and the same is hereby amended to read as follows:

Section 4: The Board of Commissioners shall, by resolution upon recommendation of the Director of Public Safety, appoint one Chief Electrical Inspector, who shall be a practical electrician with technical knowledge who has had not less than five years experience as an electrical worker in the practical installation of interior wiring, electrical appliances and electrical apparatus, and who is not a stockholder in any corporation or firm which is engaged in the supplying of electricity to the public or individuals. It shall be his duty to carry out the provisions of this ordinance.

4. That Section 6 of Article 1 of said ordinance be and the same is hereby amended to read as follows:—

Section 6 The Chief Electrical Inspector and the assistant electrical inspectors shall devote their whole time and labor to the discharge of the duties of their office. The Chief Electrical Inspector shall have full charge and control of the electrical bureau and full direction and control over the assistant electrical inspectors and other attaches of the electrical bureau.

5. That Section 9 of Article 2 of said ordinance be and the same is hereby amended to read as follows:

Section 9: It shall be the duty of the chief electrical inspector to go over said application and approve or reject said application within ten days from the date of filing of the same. If said application is approved by the Chief Electrical Inspector he shall issue a permit for such work upon the payment of fees therefor, as herein-after provided.

6. That Section 10 of Article 2 of said ordinance be and the same is hereby amended to read as follows:

Section 10. After the issuance of a permit and during the progress of the work to be done thereunder, the same shall be carefully inspected, and upon the completion thereof, provided the installation complies with this ordinance and the rules and regulations of the electrical bureau. A final certificate of inspection shall be issued by the Chief Electrical Inspector. Provided, however, that a certificate may be issued permitting temporary installation and the supplying of electrical service in any building, if, in the judgment of the

Chief Electrical Inspector, it is advisable so to do.

No certificate will be issued for temporary wiring for a period exceeding three (3) months, except for temporary wiring installed during the construction of buildings for the purpose of enabling the mechanics to do their work.

If, however, an inspection reveals that any work done under a permit theretofore issued is defective or violates any section of this ordinance or the rules and regulations of the electrical bureau, the Chief Electrical Inspector shall notify or cause to be notified the person, firm or corporation to whom the permit is issued to correct such defects or violations. The persons, firm or corporation receiving such notice shall immediately comply with such notice. If they neglect or refuse to do so, the Chief Electrical Inspector is hereby authorized and instructed to cause the arrest of such person or persons by any police officer of the City of Newark, and take such person or persons before one of the judges of the Criminal Courts of the City to be there disposed of according to law.

7. That section 14 of Article 2 of said ordinance be and the same is hereby amended to read as follows:

Section 14: The Chief Electrical Inspector shall report to the Director of Public Safety when required, with respect to the general condition of the Bureau, with such recommendations as he may deem proper, and each assistant electrical inspector shall make a complete daily report to the Chief Electrical Inspector of all

transactions relating to the Department, performed by him.

8. That Section 16 of Article 2 of said ordinance be and the same is hereby amended to read as follows:

Section 16: No person, firm or corporation shall cover or cause to be covered with lath, plaster, partitions, flooring, metal ceiling or any other thing that prevents a proper inspection of the electrical appliances, wiring, devices, or any other apparatus before the same is inspected or approved, and the Chief Electrical Inspector shall have power to remove or cause to be removed any obstructions such as lath, plaster, partitions, flooring, metal ceiling or any other thing that prevents a proper inspection of the electrical appliances, wiring, devices or any other apparatus; the cost of such removal shall be borne by the person or persons, firm or corporation who covered or caused the wires to be covered.

9. That Section 20 of Article 2 of said ordinance be and the same is hereby amended to read as follows:

Section 20: The regulations of the National Board of Fire Underwriters for electrical wiring and apparatus known as the "National Electric Code" shall be adopted as the rules and requirements of the electrical bureau by the Chief Electrical Inspector, together with such additions and modifications as he may deem necessary for the proper enforcement of this ordinance and for the protection of life and property.

10. That Section 21 of Article 2 of said ordinance be and the same is hereby amended to read as follows:

Section 21 It shall also be the duty of the Chief Electrical Inspector to receive from accredited fire insurance men any suggestion they may make in regard to any improvement in the installation of electrical wiring, apparatus or appliances, and immediately upon receipt thereof to take such action as he may deem advisable.

11. That Section 22 of Article 2 of said ordinance be and the same is hereby amended to read as follows:

Section 22: All moneys received for permits, certificates or inspections or accruing from any other source under the provisions of this ordinance shall be paid into the City Treasury.

12. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed.

13. This ordinance shall take effect immediately.

NEWARK, N. J.,

January 24, 1922.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Mayor's Office, City Hall, Newark, at 11 A. M.

Present: Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Absent:—Commissioner Raymond.

The minutes of meeting of January 17th were read and approved.

Mayor Archibald announced the Board was prepared to hear any citizens on the ordinance licensing and regulating public dance halls and dances.

Mr Edward B Jacobson, 136 Van Buren Street, representing the Social Council of the Ironbound Industrial Service expressed appreciation that something was being done along this line and that it was a step in the right direction, but thought some provision should be made in the ordinance whereby charitable and religious organizations not conducting dances for profit should be exempted from the \$100 fee and suggested that the ordinance be amended to charge a nominal fee against such organizations. Mr. Jacobson stated that the ordinance if passed in its present form would take away from the younger people in the more congested sections the dances which were being conducted for their benefit at no profit and they would have no place to go.

Mrs. Joseph G. Spurr, 500 Mt. Prospect Avenue, stated that her organization conducted club dances under strict supervision, and while they were open to the general public they were not conducted for profit, but to provide a proper place for young people to spend an enjoyable evening and that if these dances were to be placed under the provisions of this ordinance they could not be continued.

Mr. Ira Berry, 869 Broad Street, and Mr. Michael Richards, 563 Broad Street, stated they felt if the license fee was to be imposed upon public dance halls and dancing schools, there should be no discrimination and the license fee should be charged against all alike.

Commissioner Brennan stated that some of the charitable and religious organizations rented their halls for public dances which were conducted by persons other than their own fol-

Department of Parks and Public
Property,

Newark, N. J.

January 24, 1922.

Subject: Sale of land at Lehigh Avenue and Bergen Street at public sale by City.

The Board of Commissioners of
The City of Newark,

Addressed.

Gentlemen:

In pursuance of a resolution passed by this Board, I advertised for sale on Tuesday, January 24, 1922, certain lands and premises in the City of Newark, Essex County, New Jersey, described as follows:

BEGINNING in the northerly line of Lehigh Avenue at a point therein

distant 98.52 feet easterly from the easterly line of Bergen Street; thence northerly and parallel with Bergen Street 48.13 feet to the northerly line of lot No. 694 on map hereinafter mentioned; thence easterly along said northerly line of lot No. 694, 1.50 feet to the northeast corner thereof; thence southerly parallel with Bergen Street and along the easterly line of lots Nos. 694 and 695, 48.10 feet to the northerly line of Lehigh Avenue; and thence westerly along the same 1.50 feet to the point or place of BEGINNING.

Being the easterly 1.50 feet of lots 694 and 695 on map of property of Weequahic Park Land and Improvement Company, situated in said City of Newark, as surveyed 1904 by George H. Gardner, Surveyor.

The highest bidders for said premises were Matilda W. Parker and Elsie M. Lacmann, (joint bid) at the price of \$75.

I accordingly struck off said property to said purchaser, in accordance with said bid, said sum being the highest and best price which I could receive.

Yours very truly,

Charles P. Gillen.

Director of the Department of
Parks and Public Property.

Ordered filed.

Commissioner Gillen offered the following resolution:

WHEREAS, by resolution adopted by this Board on January 3, 1922, the Director of the Department of Parks and Public Property of The City of Newark was authorized to sell, at public auction, to the highest bidder, certain lands and premises in the City of Newark, County of Essex and State of New Jersey:

BEGINNING in the northerly line of Lehigh Avenue at a point therein distant 98.52 feet easterly from the easterly line of Bergen Street; thence northerly and parallel with Bergen Street 48.13 feet to the northerly line of lot No. 694 on map hereinafter mentioned; thence easterly along said northerly line of lot No. 694, 1.50 feet to the northeast corner thereof; thence southerly parallel with Bergen Street and along the easterly line of lots Nos. 694 and 695, 48.10 feet to the northerly line of Lehigh Avenue; and thence westerly along the same 1.50 feet to the point or place of BEGINNING.

Being the easterly 1.50 feet of lots 694 and 695 on map of property of Weequahic Park Land and Improvement Company, situated in said City of Newark, as surveyed 1904 by George H. Gardner, Surveyor, and

WHEREAS, in accordance with said resolution the Director of the Department of Parks and Public Property did expose at public sale the interest of said The City of Newark in said lands and did receive therefor a bid of \$75.00, said bid being made by Matilda W. Parker and Elsie M. Lacmann (joint bid) and did accept said bid;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of

The City of Newark that the action of the Director of the Department of Parks and Public Property in accepting the aforesaid bid be and the same is hereby ratified and confirmed; and the Mayor and the City Clerk of said The City of Newark are hereby authorized and directed to execute a Bargain and Sale Deed, with covenant against Grantor's Acts, to the purchaser of said lands or any interest therein owned by said The City of Newark.

Office of the City Clerk

Newark, N. J.

January 23, 1922.

To the Honorable

The Board of Commissioners of

The City of Newark,

City Hall, Newark, N. J.

Honorable Sirs:

At a conference of the Board of Commissioners and City Officials of the City of Newark, held today, the following bills were considered and referred to your Honorable Body for consideration:

Assembly Bills 17, 38.

Very truly yours,

W. J. Egan,
City Clerk.

Corporation Counsel Congleton Assembly Bill 17 is a bill introduced by Assemblyman Hobart and is an amendment to the School Law which provides that members of the Board of Education shall be appointed by the Board of Commissioners instead of by the Mayor.

Commissioner Breidenbach: I would like to say I believe the appointment of School Commissioners should come under the Mayor and I am opposed to this bill.

Commissioner Gillen: I feel the same way about it. I think the appointments should be left to the Mayor.

Commissioner Brennan: I am opposed to the bill.

Commissioner Breidenbach moved that the Board go on record as opposed to Assembly Bill No. 17.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Corporation Counsel Congleton: The other bill referred by the Conference, Assembly No. 38 by Assemblyman Todd, is an act to repeal an act passed in 1920 exempting from taxation dwelling houses erected between October, 1920 and October, 1922.

Commissioner Gillen: That bill, Mr. Mayor, was passed as an emergency measure to take care of the housing question which was developing into a serious situation. It was

thought then by those interested if new dwellings were exempted from taxation for five years it would stimulate the building of homes and at that time rent profiteering was rampant; everybody was suffering and the bill went through. It seems to be an unfair and unjust law. It is ridiculous that you and I who own homes one beside another, that you do not have to pay taxes on yours and I do on mine, but on account of the great emergency existing at that time and to cover the extreme seriousness of the housing situation, the bill was put through. Now, I do not say this serious housing situation has been cured altogether; I do not say the seriousness of it has passed, but it does seem to me, and I know what I am talking about, because I am in the real estate business, that this tax exemption law did not stimulate home building and did not reduce rents. I say it is absolutely unfair and cannot work out. I think we should go on record in favor of the repeal of the bill.

Commissioner Breidenbach: It means a loss to the city of close on to four million dollars a year.

Commissioner Gillen moved that the Board approve Assembly Bill 38 repealing the tax exemption on new dwellings.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

A communication from the National Rivers and Harbors Congress, extending an invitation to the members of the City Commission to attend the

7th Convention of the National Rivers and Harbors Congress at the New Willard Hotel in Washington, D. C., on the 1st and 2nd of March, was received and read.

Commissioner Gillen moved that the invitation to attend this convention be accepted and that as many members of the Board as possible attend.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

A communication from the Children's Emergency Relief Committee, requesting Mayor Archibald to act as Honorary Chairman in Mr. Gillen's place, was ordered referred to the Mayor.

A communication from the Catholic Children's Aid Association of New Jersey, requesting an appropriation of \$2,500. to meet in part the board of dependent children in their orphanages sent by the city of Newark, was on motion of Commissioner Breidenbach ordered referred to the Budget Conference.

REPORTS OF CITY OFFICERS.

The following reports of City Officers were received and ordered filed:

Overseer of the Poor for December, 1921.

Commissioner Gillen offered the following ordinance which was read by the clerk:

An Ordinance to amend an ordinance entitled "An Ordinance to regulate the licensing, keeping and running at large of dogs," adopted July 25, 1918.

The Board of Commissioners of The City of Newark, Do Ordain:

1: That Section 3 of an ordinance entitled: "An Ordinance to regulate the licensing, keeping and running at large of dogs," adopted July 25, 1918, be and the same is hereby amended to read as follows:

"3: Any dog or bitch found running at large upon the streets of Newark unmuzzled or without the license tag provided for in this ordinance shall be seized by the keeper of the public pound, or his agents, or by any member of the Department of Public Safety, and removed to said pound.

Any dog or bitch so seized shall be kept alive for at least forty-eight (48) hours, and restored to the owner upon payment of two (\$2.00) dollars plus a charge of fifty cents for every day or part thereof that said animal has been impounded, which said sum or sums shall be paid to the City Clerk. If said dog or bitch shall not be redeemed within forty-eight (48) hours after being impounded, the keeper of the public pound, under the Department of Parks and Public Property, or his agent, shall be authorized to kill it, so that it shall no longer run at large.

Commissioner Gillen: The object of the ordinance is to prevent the

pound keeper from seizing dogs that have license tags. As it is now he can seize any dog at large without a muzzle and I do not think that is right. There have been many complaints made and I feel this amendment will cure many of the troubles now complained of.

The ordinance having been read once, Commissioner Gillen moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

The clerk then read the ordinance by sections.

Title declared open to amendment.

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

NEWARK, N. J.

January 31, 1921.

Minutes of a public hearing, held in the Mayor's Office, City Hall, on the above date, at 10 A. M., fixed by resolution adopted by the Board of Commissioners on January 17th, for the purpose of hearing objections on the Budget for the year 1922.

Present:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Absent:—Commissioner Raymond.

Mayor Archibald—The Board is prepared to hear any citizens on the budget.

Mr. A. V. Hamburg, Chairman of the Committee on Municipal Affairs of the Chamber of Commerce, commended the Board on the preparation of the Budget, which he stated was in splendid form and spoke well for the first year in office of the new Commission, and inquired if it was known with the projects that are anticipated, whether the bonded indebtedness of the City would be increased.

Mayor Archibald stated that it was very likely that the bonded debt would be increased, and that he would like to build a new building in connection with the City Hospital and that there were doubtless other improvements that would be undertaken.

Corporation Counsel Congleton stated the City would have to issue a very large sum of bonds in payment of the Passaic Valley Sewer this year and also a substantial amount of water bonds for the further development of the Wanaque Water sheds. Those are two big ones that I know of.

Mr. Hamburg:—I think the citizens of our City and surrounding towns should understand one thing, and that is that the budget prepared by you Commissioners is based on a resident population of 400,000 and that it actually provides for an additional 300,000 persons who come into the city each day and engage in business here. I want to say the citizens of Newark should feel very highly satisfied the way their affairs are taken care of and the thing uppermost in your minds I know has been econo-

my, and I wish there were some change in the statutory provisions that would not only invite, but give citizens an opportunity to be heard on the budget of the Board of School Estimate in connection with the Educational Department.

Commissioner Gillen:—I think that could be done. Three members of this Commission constitute the majority of the Board of School Estimate. The hearings are public and there is no reason why citizens should not analyze the expenditures for schools as for any other purpose.

Mayor Archibald:—I think this is the time to go before the Board of Education before they prepare and present their budget. I can say for the Board of School Estimate that citizens are welcome to be heard on the budget for the education system

Commissioner Gillen:—At the meeting of the State League of Municipalities at Trenton yesterday, Mayor Lord of Orange, gave an interesting talk on the increased cost of schools generally throughout the State. He pointed out that many things could possibly be eliminated and not detract from the efficiency of the School Department, and possibly be an aid to the educational system, and it was decided by the League of Municipalities that the matter be referred to a Committee of the League to take up with a Committee of Educators and study the whole situation and see if they could not decide on some comprehensive plan that would apply to all school systems throughout the State in saving money.

Commissioner Breidenbach offered the following resolution:

WHEREAS, The Board of Commissioners of the City of Newark, at a meeting thereof held on January 17, 1922, did approve of its local budget for the fiscal year 1922, under the provisions of Chapter 192, of the Laws of 1917, and the acts amendatory thereof and supplementary thereto; and did designate Tuesday, January 31, 1922, at 10 A. M., and the Board Room in the City Hall, as the time and place when and where all objections thereto might be presented by any taxpayer of said municipality, and did direct the City Clerk to publish said budget, together with the notice of time and place of public hearing thereon, as provided for by said Act, and also to forward a copy of said budget to the Commissioner of Municipal Accounts; and

WHEREAS, proof of publication of said budget and notice of hearing thereon has been filed, showing the publication thereof, as required by law; and

WHEREAS, said Board of Commissioners did meet at the time and place so fixed for the hearing of objections and having given all persons desiring to be heard upon said budget an opportunity to state their objections and having considered the same;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark, that the following budget be and the same is hereby adopted as the local budget of the City of Newark, for the fiscal year 1922.

F. C. Breidenbach,
A. Archibald,
W. J. Brennan,
Charles P. Gillen.

The roll being called, the resolution

was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Commissioner Gillen:—I have been a member of this Board for quite a long while and this is the first time I have ever heard any prominent citizen come forward and commend this Board for what it was doing. I appreciate personally the compliment paid the Board, because it is such a rare thing to hear a compliment. Usually the Board is criticised for almost everything it does, and

I move you Mr. Mayor, that a vote of thanks be extended to Mr. Hamburg for his courage in coming forward to compliment the Board on its Budget.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Commissioner Breidenbach moved to adjourn.

An ordinance to provide for the repaving of Clay Street and Carlisle Place;

An ordinance to provide for the repaving of Bridge Street, from Broad Street to the Passaic River;

An ordinance to provide for the repaving of Ogden Street, from Fulton Street to Bridge Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Commissioner Gillen moved that an ordinance entitled: "An ordinance to amend an ordinance entitled: 'An ordinance to regulate the licensing, keeping and running at large of Dogs,' adopted July 25, 1918," be laid over until February 7th.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Commissioner Brennan:—I have had numerous complaints regarding the removal of snow from sidewalks and after a conference with Mr. Costello, I feel it is advisable to prepare and pass an ordinance similar to the one in East Orange. It seems we have no power at the present time only to fine the owner and in a great many cases an Agent has the property and has no authority to do other than dispose of it and the owner lives in some other section of the country. If we had an ordinance permitting us to clean sidewalks and make it a lien on the property, I feel it would do a lot to help pedestrians and school children, and I will request the Corporation Counsel to prepare such an ordinance for presentation at the next meeting.

Mr. Henry Hebel, 550 Bergen Street, stated the residents on Bergen Street were complaining of the prac-

tice of the Public Service Railway of sending sweepers through the street after midnight after the residents had cleaned their walks and gutters and pushing the snow back on the sidewalks and urged that some action be taken to remedy this situation.

Mayor Archibald stated he felt the ordinance suggested by Commissioner Brennan would overcome this practice.

Mr. Frederick Neuhaus, 551 South Orange Avenue, representing the Vailsburgh Civic League, appeared before the Board and stated his organization had passed a resolution at its last meeting advocating the establishment of a branch library in the Vailsburgh section and felt they should have a branch library on account of being located so far from the center of the City and suggested the establishment of a branch library in the Alexander Street School.

Mayor Archibald:—I took this matter up at the last meeting of the Library Trustees and they say it is impracticable.

Commissioner Gillen:—There is a conflict, Mr. Mayor, of opinion, between the Library authorities and school authorities, and as a result of this conflict the taxpayers are suffering. Mr. Neuhaus' plan is absolutely practicable and feasible. It is simply a question of having a place to keep books and give them out.

Dr. William G. Hanrahan, 36-A Fulton Street, representing the Federation of Improvements Associations, stated his organization favored the establishment of branch libraries in

public schools and urged that the Board use its influence to have them established in schools.

Mayor Archibald:—They will not do it. They say it is impracticable and have tried it out and it will not work.

Commissioner Gillen:—This is all rot. Here is a public building owned by the City of Newark, empty at times, of no use to anybody. When they tell me you cannot use that building for a branch library they are wrong. It is simply a matter where they want to have their own building and have control over it. It is simply rot. Vailsburgh is as much entitled to a branch library as any other section. The residents of Vailsburgh come here and say it can be established in the school, and any sensible citizen knows it can be.

Commisisoner Brennan suggested the use of part of the Fire House on Palm Street for use as a branch library and Dr. Hanrahan stated he would take this suggestion up with the Library Trustees.

Commissioner Breidenbach offered the following ordinance which was read by the Clerk:

An ordinance providing for a standard of time in the City of Newark for the year 1922.

WHEREAS, The Board of Commissioners of The City of Newark believe that a majority of those who labor in the diversified industrial occupations of this City are in favor of an hour's daylight saving, and that it is beneficial for mental improvement and physical recreation:

THEREFORE, THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK DO ORDAIN AS FOLLOWS:

Section 1: That at 2 o'clock A. M., on the last Sunday in April in the year 1922, the standard time throughout the City of Newark shall be advanced one hour in all of the departments of the municipality over which the Board of Commissioners have jurisdiction, except that where time is fixed by any statute of this State, in which case the time shall be the standard time as fixed by such statute, and at 2 o'clock A. M., on the last Sunday in September in the year 1922 such time shall be retarded one hour

Section 2: All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed

Section 3: This ordinance shall take effect immediately.

The ordinance having been read once, Commisisoner Breidenbach moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

The clerk then read the ordinance by sections:
